147-1102 Steel (B) \$209.99ea

BVP Wheel Chock

The BVP Wheel Chock is designed for securing motorcycles & scooters upright with 15" to 19" wheels. The BVP wheel chock is great for performing maintenance or storage, but also feels right at home or on the track. The BVP Wheel Chock incorporates a swivelling cradle to allow easy entrance and removal. Once engaged, the BVP wheel chock keeps your motorcycle upright on 4 thick rubber stops that provide a firm grip on many surfaces. The wheel chock can be used as a freestanding floor stand for use in the garage or track.

The Wheel Chock has a black powder coat for a lasting finish that won't chip or fade. The 1 1/2" diameter frame of the wheel chock keeps your bike secure and prevents tipping. Once you've used the wheel chock, you'll wonder how you got along without it!

Adjustable Wheel Chock Features:

- Black matt powder coating finish
- 1 1/2" steel tubing
- Lightweight - weighs 9.5kg.
- Accommodates 15" - 19" wheels
- Cradle secures motorcycle inside the chock
- Makes securing a motorcycle a quick, one person job
- Rubber stops prevent the chock from sliding
- Can be used as a free standing floor stand
