

Monday August 2nd, 2010 (Boucherville, Quebec): We are extremely pleased to announce that Scorpion helmets will now be distributed exclusively by Motovan in Canada. Scorpion EXO Helmets offer exciting shell designs and graphics which perfectly complement Motovan's existing helmet line-up. "We are extremely pleased to distribute such an innovative helmet brand such as Scorpion. Scorpion has entrusted Motovan to continue to build their brand in Canada and we are more than prepared to do so. Our entire sales team along with management are looking forward to working on this new venture" explains Mike Paladino, Motovan Marketing Director.

Ranging from the EXO-1000 (Scorpion's premium full face helmet) all the way to the VX-24 motocross helmet, Scorpion offers an extensive line of helmets that meets the needs of all serious powersports enthusiasts. Scorpion's newest feature, the Airfit Technology, allows you to customize the feel and fit of your helmet using a pump ball inflator.

Motovan will be distributing several new 2011 eye-catching graphics which will surely be the talk of the Canadian helmet scene. Check out the entire line of Scorpion helmets in our new Fashion Booking Collection Catalog which will be available to dealers in the upcoming weeks. For additional information you can also check out www.motovan.com or www.scorpionusa.com.

MOTOVAN CORPORATION – Established in 1980, Motovan imports, exports, distributes and manufactures after-market replacement parts and accessories for motorized recreational vehicles (Motorcycles/MX, ATVs, snowmobiles). Motovan is the Canadian leader in the distribution of parts and accessories, boasting the largest network of powersports dealers in Canada. All reference materials, catalogs, industry information, press releases and product features can all be found on-line for your convenience at: www.motovan.com
